#### ENDLESS OPPORTUNITIES

# **COLUMBIA COUNTY**

# DOES THIS DESCRIBE COLUMBIA COUNTY?

From time to time, the endless barrage of information we all receive daily makes some sense. Most is garbage and has no relation to the lives we live or our particular way of life. However, recently an article caught my attention that I felt could accurately portray Columbia County.

The article by Van D. Hipp, former Deputy Assistant Secretary of the Army, and author of a newly released book entitled "The New Terrorism: How to Fight It and Defeat It", deals with the feelings of the "silent majority" and/or the "forgotten Americans". Below are several excerpts:

"The forgotten Americans love their families and want a better life for their kids. The forgotten Americans work hard—they weren't born on 3rd base and thought they hit a triple. They worship their God and they go to church. They pay their taxes and obey the law."

#### Good so far, huh?

"The Americans believe in American exceptionalism. When America's security is threatened, they are always the first to volunteer to defend her. They understand the sacrifices their forefathers made to give them a land of opportunity and freedom. And they respect and appreciate those in the military and in law enforcement who put on the uniform every day to protect those freedoms and keep us safe."

#### Sound like us?

"Yes, the forgotten Americans love their country, but today their government and its leaders have let them down. They see Judeo-Christian values under attack. They are concerned about the erosion of the freedoms they cherish. They worry about America's economy and each has a family member or knows someone who has looked so long for a job that our government doesn't even consider them unemployed anymore.

They see the rise of radical Islam and the real threat it poses to their way of life. Yet, the forgotten Americans don't understand it when their President refuses to utter the phrase "radical Islamic Terrorism."

They want to see American's borders secured. However, the forgotten Americans don't understand why our government, under both a Republican and Democrat President, would not fund and enforce the Secure Fence Act of 2006, which was the law of the land and would have helped keep illegal aliens and radical Islamists from crossing our borders."

#### I like it more and more!

"Their kids are being taught, in the schools they fund, more about "political correctness" than American history. And as the events of Chicago sadly remind us, the political correctness they're being taught is one that says that only your constitutional rights matter, not those of your fellow countryman.

Something is wrong and the forgotten Americans know it. They see the America they love slipping away and they worry about their children's future in an America with less freedom and less opportunity."

#### Whoa! Certainly sounds like me!

"The forgotten Americans really aren't "political" and often times aren't involved in the process. In fact, in 2012 some 90 million eligible Americans didn't vote.

.....Yes, every so often, the forgotten Americans see their values under siege and their way of life threatened and they always come home. Today, they are "coming home" and voting in record numbers.

....Many of the establishment don't know what to make of the forgotten Americans. The truth is that the forgotten Americans are our most loyal and dedicated citizens when clouds appear on America's horizon. They have always answered America's call, whether at Bunker Hill, Gettysburg, Normandy or fighting Islamic terrorism. They are exactly the kind of people you want in your foxhole when the firefight begins."

#### My sentiments exactly!

The missing portions of his article deal with a particular political party's philosophy and favoritism that I avoid in these newsletters. If desired, I am sure you can read the entire article by researching his name.

The author's thoughts certainly reflect my own personal feelings. Is that true of most citizens of Columbia County? You decide and let me know. Part of the solution to these problems is for everyone to vote. Please remember and exercise your civic duty in May and November.

## CALL IF YOU CAN/TEXT IF YOU CAN'T

The Columbia County Sheriff's Office is pleased to announce that it has begun accepting text-to-9-1-1 service for Columbia County. Wireless customers subscribing to Verizon, AT&T, Sprint and T-Mobile can now send a text (up to 140 characters) to 9-1-1 in an emergency. Text to 9-1-1 should only be used in an emergency situation, when placing a call is not possible. This system will allow an emergency response for callers that are deaf, hardof-hearing, speech impaired, or when speaking out loud would jeopardize the safety of the caller.

This is a migration toward the next generation of 9-1-1 capabilities. There are only six other agencies throughout the State of Georgia currently providing this service, and this is believed to be the first in our area. By utilizing TeleCommunication Systems (TCS) as a vendor and integrating with existing equipment, Sheriff Whittle has provided this service with no additional cost to taxpayers. July, 2015 will mark the 25th Anniversary of the Americans with Disabilities Act, and this service should prove beneficial to those that are speech or hearing impaired.

#### If there is an emergency and you are unable to make a call, remember these

EMERGENCY CALL

- \* Text in simple words Send a short text message without abbreviations or slang.
  - \* Be prepared to answer questions and follow instructions from the 9-1-1 call taker.

#### Don't Abuse 9-1-1—Text-to-9-1-1 service is ONLY for emergencies.

\* It is a crime to text or call 9-1-1 with a false report. Pranktexters can be located.

#### The Text-to-9-1-1 service may have challenges.

- \* A text or data plan is required to place a Text-to-9-1-1
- \* As with all text messages, messages to 9-1-1 may take longer to receive, may get out of order, or may not be received at all.
- \* Photos and videos cannot be sent to 9-1-1 at this time.
- \* Text-to-9-1-1 cannot include more than one person. Do not send your emergency text to anyone other than 9-1-1.
- \* Voice Calls to 9-1-1 Are Still the Best and Fastest Way to Contact 9-1-1

Remember, Text-to-9-1-1 service is not available everywhere in Georgia and the U.S.

Columbia County Extension & 4-H

### REED CREEK PROGRAMS APRIL

#### **BUSY BEAVERS**

Most people think of these mammals as pests, but it's been proven that they are a "keystone" species; playing a role in maintaining biodiversity in wetland habitats. We'll take a closer look at these "busy" creatures as we walk around our wetlands in search of beaver activity. Boots or water proof shoes are recommended. For ages 5 & up. Children must be accompanied by an adult. Pre-registration is required by calling 706-210-4027 or email kbyne@columbiacountyga. gov. Members: free; non-members: \$2/child.

Friday, April 15th 7

7:00 p.m. - 8:00 p.m.

#### **ALL ABOUT FROGS**

Join us for this indoor and outdoor program to learn about our local frogs and how we're studying them through a calling survey at Reed Creek. We'll go outdoors to listen to frogs using the calling survey protocol. Boots or water proof shoes are recommended. For ages 5 and up. Children must be accompanied by an adult. Pre-registration is required by calling 706-210-4027 or email kbyne@columbiacountyga. gov. Members: free; non-members: \$2/child.

Friday, April 22nd 7:30 p.m. - 8:30 p.m.

#### **SNAKES, FROGS, TURTLES, OH MY!**

An outreach educator with the Savannah River Ecology Laboratory will visit Reed Creek Park to share his knowledge of native wildlife and provide a close-up encounter with some of the animals that live in our area—the critters will be "live and in person." This might be your chance to pet a live alligator! The program is great for all ages, so bring the entire family! Free. Pre-registration required. Call 706-210-4027 or visit Reed Creek Park.

Saturday, April 30th 10:00am - 11:00am
